Schlage **Remote 2.0**TM

Ventilate **easily and securely.**

With the remote-controlled Schlage Remote 2.0™, you can **open and close each window in your home easily and securely.**

Schlage Remote 2.0™

Each window in arms reach

With the Schlage Remote 2.0™, you can open and close each window in your home easily and securely with a single press of the button on your remote control. The same remote can be programmed to operate multiple windows in the house.

The Schlage Remote 2.0™ is a convenient solution for top hung roof windows which are often located in awkward places that are hard to reach.

Maximum Comfort

- Natural ventilation for a healthy indoor environment
- Operation from your armchair
- A single remote control for several windows
- Can be battery or mains operated
- No problematic or unattractive wiring
- Available in white, black or aluline

Excellent Quality

- Sustainable materials
- Fast, easy mounting
- 10 year warranty
- High quality materials

Contemporary Smartness

- Intelligent port
- Integrates into domotics system

Adequate ventilation for healthy living

Good ventilation is important for a healthy and comfortable indoor climate. Good ventilation helps eliminate exhaled air, germs, allergens, dust, odours and micro-organisms. Moisture is also removed, preventing unhealthy fungi and risk of dust mites. The Schlage Remote 2.0™ is able to adequately ventilate an area of 22.5 m².

Power

Universal batteries supply the window opener and the remote control with power for many years, so there is no need for problematic wiring. The low-battery

indicator warns you when the batteries are almost empty and guarantees that your window always ends up in a closed position. If wiring is not a problem, you can also connect the Schlage Remote 2.0 to the mains supply using an optional adapter.

Easy installation

The Schlage Remote 2.0™ is easy and quick to mount. The supplied drilling template, universal screws (4.0 x 40 mm) and the window opener's excellent flexibility guarantee sturdy and optimal attachment.

Choose your design

The Schlage designers have opted for the sustainable plastic casing in three stylish colours: black, aluline or white.

Schlage Remote 2.0™

● Black

Schlage Remote 2.0™

● Aluline

Schlage Remote 2.0™

● White
